I have cities, but no houses. I have teams, but no players. I have goals, but no nets. What am I?

Answer: A map

→ Fact or Myth?

Football was invented in England.

Answer: Myth

Games similar to football existed in ancient civilizations, including China, before modern football rules were developed in England.

The 2026 FIFA World Cup is the first World Cup hosted by three countries: USA, Canada, and Mexico!

FIFA WORLD CUP 2026: A NEW ERA OF GLOBAL FOOTBALL BEGINS

The FIFA World Cup 2026 is set to be the biggest and most exciting football tournament in history. For the first time ever, 48 teams will compete for the world's most prestigious trophy. This grand event is being hosted across three North American countries – the United States, Canada, and Mexico.

The expanded format means more nations, more matches, and more unforgettable moments for fans around the globe. From iconic stadiums and advanced technology to diverse cultures coming together, the World Cup 2026 celebrates the true spirit of unity and sportsmanship.

The tournament will not only bring millions of visitors and create thousands of jobs but also leave a lasting legacy of improved infrastructure and stronger connections between the three host nations.

As the world comes together to cheer, celebrate, and dream, the FIFA World Cup 2026 reminds us that football is more than a game – it's a passion that unites the world.
