CIRCULAR FOR PARKING OF VEHICLE

Dear Parents,

1. It has been observed that during school hours, many parents drop their children using private vehicles and either park or wait outside the school gates. This results in traffic congestion and inconvenience to other road users, particularly patients using this stretch to reach the Air Force Medical Facility located nearby. In view of this, parents are kindly requested to adhere to the following guidelines:

1.1 Parents are strongly advised to use school transport or public transport as far as possible. The use of private vehicles in large numbers leads to heavy traffic congestion during school hours.

1.2 Parents who drop their children by private vehicles are requested **not to park or wait outside the school gates**. Kindly drop your child and move away immediately to avoid traffic congestion. Small children may be dropped at **Gate No. 2 or Gate No. 3**, where Aayas have been positioned to escort them safely to their respective classes.

1.3 During arrival and dispersal times, the movement of multiple school buses takes place. The presence of private vehicles during this time creates obstructions and safety concerns for students, which is strongly objected to by Air Force Security.

2. This advisory is issued in the interest of **student safety, smooth traffic management**, and to ensure **unhindered passage for patients** using this road.

3. Your cooperation in this matter is highly appreciated.

(Lomina Rajiv)
